Bombard Center Of Saigon To Upset Viet Celebrations

Shell City With Mortars, Recoilless Rifle Assault

SAIGON, South Viet Nam (AP) — The Viet Cong unleashed an artillery bombardment on the center of Saigon today in a spectacular but unsuccessful attempt to disrupt South Viet Nam's National Day observances.

Six Vietnamese and one American were known dead. Conflicting reports listed up to six more killed but these reports could not be verified. The one American known dead was a Navy officer.

At least 30 Vietnamese and five Americans were wounded in the bombardment, the first time the Viet Cong shelled the capital with mortar and recoilless rifle fire.

The Viet Cong hurled 24 rounds of 75mm recoilless rifle fire in and around the parade route, U.S. military headquarters said. Vietnamese authorities reported mortar shells also struck during the shelling.

The bombardment hit Saigon's Roman Catholic cathedral, a Catholic school, the John F. Kennedy Square, the Saigon central market and the French-built Grail Hospital, the biggest in the capital.

The bombardment, first of its kind by the Viet Cong against Saigon, failed to interrupt the massive parade marking the third anniversary of the overthrow of the late President Ngo Dinh Diem.

Johnson In South Korea Countryside

Pay Tribute To American Troops Guarding Border

CAMP STANLEY, Korea (AP) — "Keep your chin up and your chest out — we are proud of you and I came here to tell you so," President Johnson today told American troops confronting the Communists in Korea.

The President traveled by train and helicopter into the rugged South Korean countryside to pay tribute to Korean and American troops guarding the 151-mile border with Communist North Korea.

Speaking earnestly and in a low voice Johnson in an off-the-cuff speech told the troops 20 miles south of the demilitarized zone between North and South Korea they were "doing a mighty good job" of protecting freedom in the United States and many parts of the world. He said no matter what they may read about anti-Viet Nam demonstrators or draft card burners, the great bulk of Americans are like them — standing up for freedom.

Johnson began his second day in South Korea with an hour's meeting with President Chung Hee Park. They discussed Viet Nam, where South Korea has 45,000 troops, and Park's request for more U.S. funds to equip troops to replace them at home.

After their talk, Johnson and Park drove through cheering, flag-waving crowds to take a special train for a 19-mile ride to the headquarters of the 26th (Please turn to Page 4, Col. 5)

\$1,000 Damage Done By Vandals In Stover

Halloween vandals hit hard in Stover, doing an estimated \$1,000 damage to eight buildings, including the post office, sometime after midnight last night.

Sources at the Morgan County Press, Stover, reported plate glass windows and windows in doors had been the primary targets for vandals apparently armed with BB guns. At the newspaper itself, \$150 damage was reported. Oklahoma Tire and Supply Co., reported damage in excess of \$400.

It was learned that Morgan County Sheriff J. T. Hull reported seeing no damage while he was in Stover prior to midnight Monday. The damaged buildings were located in about a one-block area. Hull is currently investigating.

The Stover vandalism attack was the worst, insofar as damage is concerned, reported to The Sedalia Democrat-Capital.

Trial Begins

Sheppard Clock Set Back Twelve Years In Old Home

CLEVELAND, Ohio (AP) — Samuel H. Sheppard moved back 12 years in time today as he visited the lakefront suburban home where he and his first wife once lived and where she was murdered in 1954. He made the unhappy journey with a Criminal Court jury.

Sheppard and his attorneys watched from the courthouse steps as the bus loaded and left on the 16-mile trip to Bay Village, west of the city along the Lake Erie shore.

The defendant and his counsel then drove away in a car that was parked across from the courthouse.

After the jury views the scene, it will hear opening arguments in Sheppard's second-degree murder trial, now in its second week. His original jury conviction 12 years ago was upset by the U.S. Supreme Court.

The Sheppards' home now is owned by a lawyer, John R. Hull, who has agreed to inspection of the premises by the seven male and five women jurors.

It was in an upstairs bedroom that the body of Marilyn Sheppard, then 31 and four months pregnant, was found the morning of July 4, 1954. Sheppard, 42, says she was slain by a bushy-haired stranger who knocked her unconscious.

The state says Sheppard beat his wife to death during a quarrel over his alleged relations with another woman. Sheppard served nine years in prison before last June's Supreme Court decision ordering a retrial.

Common Pleas Judge Francis J. Talty ordered the jury locked up as of tonight. The Supreme Court was critical of the failure to isolate the original trial jury when it was not in court.

All Rivalry Avoided By Kennedy and V.P.

NEW YORK (AP) — Vice President Hubert H. Humphrey and Sen. Robert F. Kennedy avoided any hint of a rivalry for the 1972 Democratic presidential nomination with an exchange of compliments and humor during a New York political rally Monday night.

Snow Flurry In Scattered State Areas

KANSAS CITY (AP) — Light snow flurries fell in scattered areas over the northern half of Missouri today.

The Weather Bureau warned of hard freezes tonight and said there was a chance of snow flurries in eastern Missouri tonight. The killing freezes were expected to drive minimum readings down to the 20s in the northwest and the 20s and low 30s in other parts of the state.

Strong northerly winds brought the cold from a familiar source—southern Canada.

At mid-morning the snowflakes had appeared in the northwest and down to a point south of Butler and eastward to the Columbia area. The Weather Bureau said they were slowly spreading southward.

The winds blew at 5 to 15 miles per hour with gusts to more than 30.

After Monday's highs in the 50s and 60s, temperatures dropped to near freezing or just below that over most of the state Monday night.

Police Note Fairly Quiet Halloween

Halloween night in Sedalia was fairly quiet as far as roaming gangs with destruction in their minds is concerned, but the city was filled with "trick or treaters" who enjoyed the treats, but did not retaliate with any tricks.

Little goblins, fairy queens, devils, witches, etc., prowled the town up to about 10 p.m., knocking on doors seeking treats. They were often rewarded with everything from sticks of candy to apples, oranges, popcorn balls and sacks of popcorn.

The police were kept busy answering various calls over the city, but none of which was due to actual property destruction. Several people reported toilet paper had been used for decorations on houses, cars, trees and bushes.

A couple of calls were received from 600 block on East 16th where a gang had tossed some eggs on a car and wrapped the vehicle with paper. Another call was received concerning eggs thrown in the vicinity of 900 South Missouri.

There were three reports of boys shooting either fireworks or guns, in the vicinity of 18th and Quincy and 18th and Stewart; also in 900 block on South Missouri where boys were reported shooting BB guns at street lights.

One Sedalia reported a boy, later identified as juvenile, had shot out a signal light on the MK&T Railroad right-of-way near Boonville and the MKT crossing. He and another youth were reported to have been turned over to the Sheriff's Department, which in turn will give the case to the juvenile officer.

Assisting the Sedalia police force Monday night were 13 members of the Pettis County Post 16 American Legion Auxiliary Police, and ten car units and a base station radio were supplied by the Sedalia Citizens Band Emergency Net. Three units from the Big Eight Country C. B. Club worked with the SCBEN units. All had auxiliary or city police officers riding in these radio cars.

The city was well covered with working motor units during the evening up to near midnight.

Pettis County's surrounding towns up to mid-evening, Monday, apparently had a quiet Halloween like Sedalia, with little destruction of any type being reported. Probably the greatest excitement was a hay fire which (Please turn to Page 4, Col. 5)

Breakfast Ticket Sale Is On

Tickets for the Chamber of Commerce membership breakfast, to be held at 7:30 a. m. Wednesday, Nov. 16, at Masonic Temple, are now available at the Chamber office, 113 East Fourth, according to Gary Cooper, Chamber of Commerce executive manager.

The speaker for the breakfast will be Leo Hayob, Marshall, president of the Chamber of Commerce Executive Managers of Missouri.

This is the kickoff breakfast for the one day membership drive of which Don Raines is general chairman.

In addition there will be special entertainment and door prizes.

Ill Feeling In Guinea Mounting

Claims US Had Hand In Holding Guinean Group

ACCRA, Ghana (AP) — Anti-Americanism is reported mounting in Guinea following the refusal of Ghana's government to release a Guinean delegation held hostage in Accra.

Guinea charged that the United States had a hand in the detention of the 19 Guinean diplomats and students who were taken off a plane Saturday night when it stopped in Accra en route to a meeting of the Organization of African Unity in Ethiopia.

Ghana cleared the United States of any complicity and the U.S. State Department denied it played any part in the affair. But a broadcast from Guinea said 50,000 persons paraded in front of the U.S. Embassy in Conakry, the capital, Monday shouting "Down with the Yankees!" and "Yankees get out of Africa!"

A U.S. State Department spokesman, Carl Bartsch, said in Washington that anti-American demonstrators also invaded the U.S. ambassador's residence in Conakry, breaking windows and some furniture.

U.S. Ambassador Robinson McIlwaine was put under house arrest in Conakry Sunday, but the State Department said he was allowed to leave his residence without a guard Monday. However, Bartsch said other members of the U.S. Embassy staff were under some sort of "office arrest."

Local Men Depart For Induction

The Pettis County Selective Service board sent 13 Sedalians and two county residents for induction in the U. S. Army Oct. 26, and announced that the county's quota for November would be 21 men for Nov. 16, and 15 for Oct. 29.

Those sent: Floyd S. Bridges Jr., James S. Reed, Charles M. Riley, John W. Kelley, James K. Kretzer, Dennis R. Kreisler, William C. Dotson, Herman J. Volmer, Patrick A. Wallace, Robert G. Smith, Philip L. Matthews, Stephen E. Singleton, Arvis L. Perry, all of Sedalia. Perry transferred to the local board from Lubbock, Texas.

From the county, Donald W. Hurd and David A. Guier, both of Sweet Springs, were inducted.

Also sent for induction were Marion E. Schmidt Jr., Independence; David G. Wilhite, Lawrenceville, Ill.; Larry G. Lueck, transferred induction to Lee's Summit; Dale Vincent, transferred induction to Seattle, Wash.; Richard W. Sutherland, transferred induction to San Pablo, Calif.

Scientists Try Again With Satellite

WASHINGTON (AP) — Scientists will try again this month to establish commercial communications via satellite over the Pacific Ocean — a job the Lani Bird satellite failed to accomplish.

Instead of settling into a hovering orbit above the mid-Pacific Gilbert Islands, the "Lani Bird" stayed in a cigar-shaped orbit ranging from 1,840 miles above the earth to about 23,000 miles.

Electrical Workers On Strike

Westinghouse Hit As Contract Talks Collapse

PITTSBURGH (AP)—An electrical workers union struck the giant Westinghouse Electric Corp. today, idling thousands of employes.

Officials of the International Brotherhood of Electrical Workers, AFL-CIO, called the strike after the collapse of negotiations for a new national contract. The old pact expired at midnight Monday.

The IBEW represents a total of 14,000 workers at Westinghouse, the nation's second largest electrical products manufacturer behind General Electric.

IBEW pickets appeared at the huge East Pittsburgh works and about 7,000 members of other unions refused to enter the plant. The company maintained a skeleton force.

Also shut down was the Youngwood, Pa., plant employing 1,600 persons, most of them IBEW members.

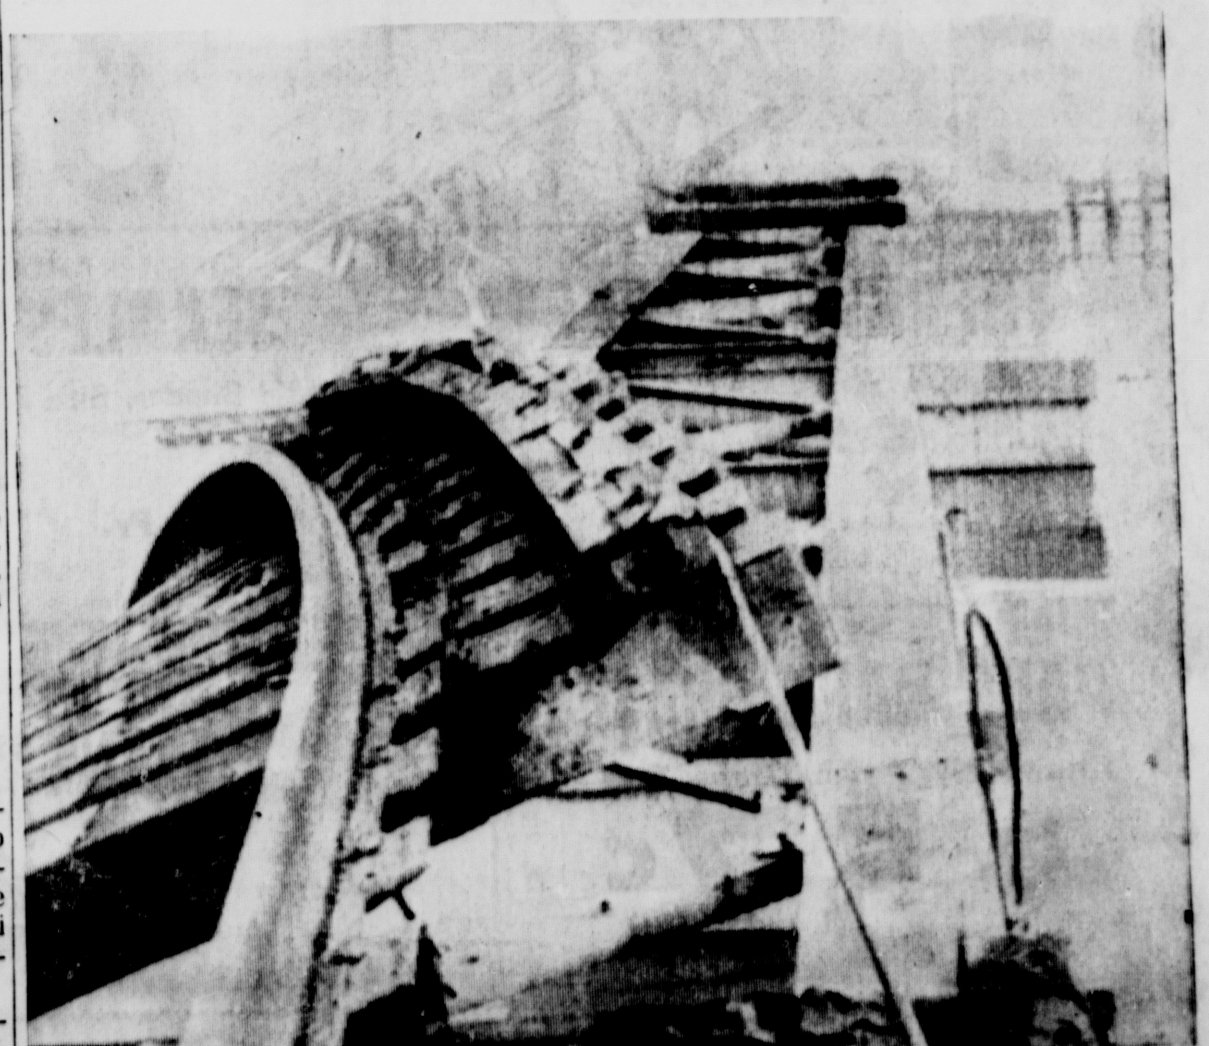

Elsewhere, the strike was felt mainly at small manufacturing and repair facilities.

Federal mediators met with both sides for 3½ hours Monday before the talks broke off. Mediators said "each side remained adamant," but added that they would attempt to meet with the parties to effect an early settlement. However, no further talks were scheduled.

The union said it represents 14,000 workers at more than 60 plants.

The union said it ordered the walkout after Westinghouse failed to agree to 13 stipulations the union said were included in agreements signed last month with the firm's other major unions.

In Heavy Fog

SAVANNAH, Ga. — A 24,000-ton tanker, the Louisiana Grimestone, cutting through a heavy fog early Monday, ploughed into the Seaboard Air Line Railroad bridge and toppled the south tower of the bridge into the Savannah

River. Railroad officials said rail traffic would have to be rerouted through Columbia, S.C. The river channel is expected to be blocked to navigation for several days. (UPI)

Meeting For Adult

Advisors to Committees
A training meeting for adult committee advisors will be held Thursday night, Nov. 10 at the University Extension Center at 7:30 p.m. We will meet in the meeting room just north of the Extension Office. Information will be given on (1) Job as adult committee advisor (2) How to work with a committee and a variety of material and ideas that can be used for your committee.

The meeting will be primarily for the Health, Recreation and selected activity committees (Career Exploration, Conserving Our Natural Resources, Courtesies, Community Improvement, Grooming, First Aid, Safety, Wildlife Conservation and Youth for Natural Beauty), but adult advisors for other committees are welcome since the first part of the meeting will be devoted to Job of Advisor and How to Work With a Committee.

Pesticide Literature
Pesticide literature has been developed to supplement four 4-H projects as follows: Home Grounds, Vegetables, Crops and Entomology. Since you learn to control or handle insects in these projects, you will want to learn the wise use of pesticides. The literature will be distributed in the manner as listed below:

(1) Leader's Guide, Unit 1 and Unit 3 for every Community Leader.

(2) Leader's Guide, Unit 1 and Unit 3 for every project leader in Home Grounds, Vegetables, Crops and Entomology projects.

(3) For project members as follows: Home Grounds—Unit

Budget Bids Would Hike State Taxes

JEFFERSON CITY (AP)—Gov. Warren E. Hearnes says if he granted all the budget requests of state agencies, there would have to be a large increase in taxes.

But he assured a Columbia television audience Sunday night "there will be no increase in taxes in the next two years."

The governor said he is supporting Rep. James E. Godfrey, D-St. Louis, for speaker over Rep. Thomas D. Graham, D-Cole County, because "I like to try to help those who support my program."

In the last legislative session, he noted that Godfrey voted for administration bills 16 out of 17 times while Graham's record was only eight of 17.

The governor said he was opposed to the type of "arm twisting" or "blackmail" bills dangled before the states by the federal government and would try to keep that type of legislation out of the next session.

1 for those taking "Fun With Flowers". Unit 3 for other Home Grounds Projects.

Vegetables—Unit 1 for members in Vegetable 1, Unit 3 for members in Vegetable 2 and 3.

Crops—Unit 1 for pre-teens, Unit 3 for older members.

Entomology—Unit 1 for Entomology 1, Unit 3 for Entomology 2 and 3.

You will notice that there is no Unit 2 in the Pesticide literature.

Says Tax Hike Might Be Necessary In '67

DALLAS, Tex. (AP)—A Treasury official said today a tax hike might be necessary in 1967 but there are no signs at present indicating a need for wage and price controls.

Undersecretary Joseph W. Barr told a news conference that President Johnson will submit a balanced budget to Congress next year and will have to decide within 60 to 90 days whether there will be a tax increase.

"While a tax increase may be necessary, we see nothing in the cards today where controls will be necessary," Barr said.

"While adjustments in fiscal policy may be necessary, we see no need for wage, price and materials controls."

He added that a tax hike could ease the tight money situation somewhat.

Barr was here to speak to the Independent Petroleum Association of America.

Answers Your Problems

Dear Ann Landers: I have been sitting here looking at the newspaper and I have determined what is wrong with the world.

The Bible teaches us that the father should be the head of the house. But is he? Just look around. Every man I know is scared to death of his wife. Women run everything. They push their husbands around shamelessly. The wife makes all the decisions. The only thing a wife lets her husband do these days is pay the bills.

Then the situation gets more complicated. Both parents are afraid of their children. If you take a good look at the teenagers today you will see that nobody has the nerve to open up a mouth and tell them how to dress, how to act, how to wear their hair or even when to wash.

I've seen 15-year-old punks smoking cigarettes. I have two nieces aged 13 and 14 and they both look like tramps. If I can see it why can't their parents?

I wish you would print this letter and give your millions of readers something to think about.—SQUARE AND PROUD OF IT

Dear Proud Square: It's unfair to generalize about wives, husbands, teen-agers or anything else. I know some women who do not run their husbands and I know many teen-agers who are bright, respectful, hard-working and highly principled.

I agree that too many marriages are in pathetic shape, and for the reasons you mention. I agree, too, that some of our teen-agers could use firmer discipline. Nonetheless, I thank you for giving my readers something to think about. The trouble is, the ones who ought to think about it won't.

The following letter is not offered in rebuttal, but rather as another point of view.

Dear Ann Landers: I am getting sick to death of reading articles called, "The Domineering Wife," "The Lady Wears The Pants" and "What Has Happened To Man's Role In Our Society?"

Please tell me what can a wife do when her husband simply cannot make a decision? Somebody in the family must get things done if things are going to get done. In our family I'm the one who must do it.

My husband is a lethargic, indecisive guy who drifts along from day to day. If a bill doesn't get paid, he could care less. The house has been falling apart for two years and he hasn't even noticed. Although he is a carpenter by trade he has yet to pick up a hammer around here. I have to hire a man to make all the repairs or make them myself.

The only thing my husband does on his own—with no prodding—is drink. He is gassed every weekend.

I hope you will print my letter because I am sure there are millions of other women who are in the same fix.—THANKS FOR LISTENING

Dear Thanks: I've always

Truitt-Morets Vows Exchanged Recently

In a double ring ceremony at St. Francis Catholic Church, Bakersfield, Calif., at ten o'clock, Saturday afternoon, September 10, Miss Voncelle Truitt, daughter of Mr. and Mrs. George Truitt, Bakersfield, Calif., formerly of Versailles, became the bride of Mr. Ira Morets, son of Mr. and Mrs. Louis G. Morets, Jersey City, N. J.

Fr. John Murphy solemnized the vows of marriage before a setting of baskets of blue and white summer flowers. Pews were marked with blue satin bows.

Mrs. Ralph Cornell, organist, accompanied Mrs. Charles Whalen, soloist, who sang, "Ave Maria" and "The Lord's Prayer".

Given in marriage by her father, the bride wore a floor length gown of lace over taffeta, designed with a scalloped neckline and long tapered sleeves. The very bouffant skirt was trimmed with tiers of ruffled lace which swept into a chapel train. Her double crown of pearls and lace held the elbow length tiered veil of silk illusion. She carried an orchid surrounded by carnations.

Miss Tamara Waldrem, maid of honor, wore a street length lace dress of radiant turquoise and matching head piece and

veil. Her flowers were white carnations.

Serving as best man was Mr. Tom Sikora. Ushers were Mr. Walter Alexander and Mr. Douglas Rangier.

Following the ceremony, a luncheon was served to 45 guests at the home of the bride's parents, after which the couple left for a wedding trip to Yosemite National Park.

The bride is a graduate of Versailles High School. The bridegroom received his B. S. degree, Jersey City, served in the Degree in Business at St. Peter's College, Jersey City, served the Army in the Pentagon and is now employed as an accountant.

Wine Firm's Story Told At Meeting

The story of Christian Brother Wines was presented in a colored film before members of the Rotary Club of Sedalia at the regular club meeting on Monday noon. Richard Ruane, St. Louis, a representative of the wine company, gave a short talk and was assisted in showing the film by Dick Esser, October program chairman.

The Christian Brothers are a Catholic Teaching Order founded in France by Saint Jean Baptiste de la Salle in 1680. To support the education work of its western province, the Brothers of the Order have long made fine wines in the centuries old tradition of patience, skill and devotion. The Orders' American winery operation is in the Napa Valley in California, and is one of the largest in this country. Bottles of dinner and after-dinner wines were placed on the tables so club members might taste the different wines.

A report of the United Fund activity in relation to the budgeted goal was given by James Denny, president of UF.

The meeting was presided over by Lou Tempel, president. Aubrey Case led in group singing, and the Rev. J. R. Wallace gave the invocation.

Family Now Mourns For Dead Officer

INDEPENDENCE, Mo. (AP) —Three generations of the Kraxner family sat around the kitchen table, trying to realize that Lt. David J. Kraxner was dead.

He had been shot down a few hours earlier by the driver of a stolen car.

"He was a policeman through and through," said Mrs. Fern Stevens, mother of the 34-year-old Kraxner.

The lieutenant's wife, Suzie, had gone to make funeral arrangements.

Mrs. Stevens; Kraxner's grandmother, Mrs. Dora Hawkenberry, and Mrs. Nancy Meggerson, wife of another policeman, were at the home taking care of the four Kraxner children.

David J. Kraxner, II, 13, his face solemn, was listening to radio reports. Ten-year-old Debbie helped 2-year-old Rebecca get dressed, and Vernon, 3, sleepily asked Mrs. Meggerson to cook an egg for him.

David liked this shift best," said Mrs. Hawkenberry. "He said in the daytime there was nothing to do."

"My dad had a photographic memory," young David said. "He used to leaf through the mug book with me. He could tell you every picture in it and where these guys were and even their numbers at the penitentiary!"

It was the lieutenant's sharp memory that led to his death. He recognized the license number of a car as having been reported stolen, and radioed the dispatcher that he was stopping the car.

He was killed on the day that he had planned to start building an addition on his white bugalow for a utility room.

His mother said: "You just don't understand things like this. The Lord never seems to take those who aren't needed—all these little children to take care of..."

Missouri Man Faces More Theft Charges

ST. LOUIS (AP) — A man charged in federal warrants with possessing and passing stolen Postal Money Orders may face city charges stemming from 28 safe thefts and 47 burglaries since 1963. St. Louis Detective Sgt. Donald Spicer said Monday.

U.S. Postal authorities earlier said that Donald Lee Smith, 23, of St. Louis was charged in the federal warrants after he was arrested last Thursday

OBITUARIES

Mrs. Grace I. Nunn (Sedalia)

Mrs. Grace I. Nunn, mother of Mrs. J. O. Latimer, Jr., 1625 West Seventh, died at the Fairview Nursing Home at 8:20 p.m. Monday.

Funeral services will be held at the Woods Funeral Home in Booneville at 2 p.m. Wednesday. Burial will be in Walnut Grove Cemetery.

James A. Phillips (Sedalia)

James Allen Phillips, 87, Route 5, died at the Bothwell Hospital at 6:10 a.m. Tuesday. He had been a patient at the hospital for the past five weeks.

He was born in Pettis County, Jan. 8, 1879, son of the late Robert and Felicia P. Newland Phillips. He lived all of his life in Pettis County, and for the past 82 years lived on the farm which is the present home. He was engaged in farming all of his life.

He was married at Dresden, Sept. 20, 1910, to Miss Mary Greer. They were the parents of four children. Mrs. Phillips died June 14, 1951. Mr. Phillips was also preceded in death by two sisters, both of whom died in infancy.

He was a member of the Hopewell Baptist Church.

Surviving are two sons, Irvin Phillips, 421 East 16th; Allen Dewitt Phillips, Houstonia; two daughters, Mrs. Wilma Rhoads and Mrs. Winifred Ramey, both of Route 5; 13 grandchildren and 13 great grandchildren.

Funeral services will be held at the Ewing Funeral Home at 1 p.m. Thursday. The Rev. Orval F. Woolery will officiate. Burial will be in the Hopewell Cemetery.

The body is at the Ewing Funeral Home.

Bryan B. Hughes (Windsor)

Bryan Bland Hughes, 70, 700 South Tebo, Windsor, died at Wetzel Hospital in Clinton at 11:55 p.m. Monday.

Born in Arkansas on Feb. 17, 1896, he was the son of the late George T. and Mary Hughes. While still a child he came with his parents to Missouri and settled on a farm in Benton County. On May 25, 1921, he was married to Mary Acker, Windsor, and three children were born to this union. They lived on a farm south of Windsor until moving into Windsor in 1962. He served in World War I and was a member of the VFW. He had been a member of the Baptist Church South of Windsor.

Surviving are his wife of the home; two daughters, Mrs. Curtis (Mary Lee) Swearingin, of Kansas City; and Mrs. Leonard (Helen) Mothersbaugh, Windsor; one son and daughter-in-law, Mr. and Mrs. Benton Hughes, Windsor; one sister, Lydia Alderson, Baker, Ore.; two brothers, Tom Hughes, Baker, Ore., and Lee Hughes, Marshall, five grandchildren and two great grandchildren.

Funeral services will be held at the Gouge Funeral Home in Windsor at 2 p.m. Thursday with the Rev. George Gray to officiate, assisted by the Rev. David Mills.

Burial will be in Laurel Oak Cemetery.

The body is at the Gouge Funeral Home.

Mrs. Minnie Bell Kirby, 91, Warsaw, died at the home of her daughter, Mrs. Sophia Shear, Kansas City, Monday.

Born at Edwards on Sept. 28, 1875, she was the daughter of Albert and Mertilda Burton. She was married to Zeb Kirby at Warsaw in 1895 and they spent their entire married life in the Fairfield and Frisbie communities. Mr. Kirby died in 1937.

Surviving are eight daughters: Mrs. Beulah Brown, Warsaw; Mrs. Sophia Shear, Kansas City; Mrs. Dee Burton, Green Ridge; Mrs. Lucy Tolliver, War-

Candidates Encountering Voter Apathy

WASHINGTON (AP) — Sen. Warren G. Magnuson said today candidates across the country are encountering voter apathy that may indicate little change in the political complexion of Congress.

"There are some hot spots, of course — states in which there are some real, live races — but generally there seems to be a great deal of apathy among the voters," he said.

Magnuson, Washington Democrat who heads the Democratic Senatorial Campaign Committee, indicated in a telephone interview he thinks this failure of the average citizen to respond to Viet Nam, inflation, a other issues will result in very little net turnover, particularly in Senate races.

"I don't think the Senate lineup will change more than one or two votes, either way," he said. "We could gain a seat or two or we could lose one or two."

Magnuson's view that the current Senate lineup of 67 Democrats and 33 Republicans will not be altered materially was shared to an extent by Sen. Thurston B. Morton of Kentucky, chairman of the Republican Senatorial Campaign Committee.

Morton told a news conference Monday he was claiming "only a modest (net) gain of three seats" in the Senate. He said he thinks the Republicans will reclaim the 38 House seats they lost in 1964 and add four or five governors to their list.

The Kentucky senator, a former GOP national chairman, predicted Republican Charles H. Percy will defeat Democratic Sen. Paul H. Douglas in Illinois and that GOP Sen. Robert P. Griffin will turn back the challenge of former Gov. G. Mennen Williams in Michigan.

He said he is confident that Massachusetts Atty. Gen. Edward W. Brooke, a Negro, will defeat former Gov. Endicott Peabody to hold the seat being vacated by GOP Sen. Leverett Saltonstall.

The Harris Survey, a copy-right private poll printed in Monday's Washington Post, reported Democrats on a nationwide basis have increased their margin in House contests in the past month but have slipped in the governorship races.

U.S. military headquarters said the shelling came from a point 3 1/2 miles southeast of Saigon near An Khanh Ka. Six U.S. gunship helicopters closed in on the area and artillery spotter planes were aloft. A ground force of allied troops also swept the area but the Viet Cong gunners apparently escaped.

U.S. headquarters announced that three Viet Cong were captured near the parade grandstands on Kennedy Square. A spokesman said they were armed with grenades and small arms. A Vietnamese spokesman said four more Viet Cong, armed with grenades and weapons, were seized in the vicinity of the parade route.

The U.S. psychological warfare section set to work immediately to prepare leaflets to be dropped from the air over both North and South Viet Nam. A spokesman said the leaflets would decry the "murder of the innocents" and point out "the desperation of the Viet Cong in seeking to revive its flagging prestige."

He said printing of the leaflets would start Wednesday and would carry a photograph of a woman killed in the central market square by the shelling.

Fearing more terrorist incidents, U.S. authorities put the capital off limits to American servicemen.

Little other action was reported in the war. U.S. B52s kept pressure on an enemy position in the central highlands Monday, raiding it for the third day in a row, but bad weather limited air strikes over the Communist north again and American pilots got in only 59 missions.

U.S. pilots flew 449 sorties over South Viet Nam Monday and Vietnamese pilots flew 60. Vietnamese police sources said the shelling into the capital came from 75mm recoilless rifles and 60mm mortars, but some military men said they were sure a light howitzer also was used.

The shells struck only 50 yards behind a reviewing stand for Vietnamese, U.S. and other foreign dignitaries. Had they come 90 minutes later, they would have exploded when U.S. Gen. William C. Westmoreland, commander of U.S. forces in Viet Nam, and Vietnamese government chiefs were on the stand.

Elsewhere, the 63,000-ton U.S. aircraft carrier Coral Sea took up her battle station in the Gulf of Tonkin to launch air strikes against the Communist north. The Coral Sea replaced the carrier Oriskany, which was crippled by fire last Wednesday and went to the Philippines for repairs.

The Pettis County Fire truck made the run to the hay fire north of LaMonte, and extinguished it before it had an opportunity to do much damage to the asphalt highway. The call was received at 9 p.m.

It was reported several gangs of boys were seen in the vicinity of Hughesville, but up to late Monday night no property destruction was reported done by the group.

Funeral Services

Roger Lee Davis

Two youths were treated at Bothwell Hospital Monday evening for injuries suffered in a one-car accident on State Route 135, about a mile south of Stover, Monday afternoon. Their car, a 1955 Ford sedan, was extensively damaged on the right side and top.

The injured were Jerry Sanders, 20, 1805 East 15th, driver, and Bob Dumsday, 19, 322 East Jackson, a passenger in the car. They were first treated at the Stover Clinic and released to come to Sedalia to the hospital.

Sanders suffered a nose injury, while Dumsday received a bruised left hand, and a laceration of the upper lip. X-rays were taken but did not show any fractures.

Dr. J. W. Maunders ordered the x-rays taken of their injuries and treated the two.

According to Sanders he was headed north on the roadway and going into a curve when he glanced down and the car swerved to the left onto gravel, went into a spin and struck a tree. The car was towed to the D-X Service Station at Stover.

Accidents

Mrs. Amparo Baptist, Kansas City, Kan., suffered slight injuries at 4 p.m. Monday when her car was wrecked after a tire blew out on U. S. Highway 65, about two miles south of Warsaw.

Mrs. Baptist was brought to Bothwell Hospital where Dr. Karl B. Gonser rendered emergency treatment for a contusion around one eye, and a severe bruise on the left side of her head. She also complained of pains on the left side.

Her small son escaped injury. According to the report of the accident, Mrs. Baptist was en route to Kansas City from Ft. Leonard Wood, where her husband is stationed.

Appeals For Cooperative Peace Effort

MOSCOW (AP) — Soviet Communist party chief Leonid I. Brezhnev appealed today for international cooperation for peace. He made only a brief attack on U. S. action in Viet Nam and omitted the usual mention of Communist terms for ending the war.

This seemed significant to some observers in Moscow because of recent unconfirmed reports that the Soviet leadership is seeking a way to end the Vietnamese war.

Brezhnev spoke in Tbilisi, capital of Soviet Georgia. His speech was televised.

Brezhnev accused the United States of "criminal aggression in Viet Nam." But he did not elaborate on this as major Soviet speakers usually have done in past months. Instead the general secretary of the Soviet Communist party criticized Red China's Communist party and its government leaders for refusing to join with Soviet bloc countries in aid to North Viet Nam.

The Soviet Union "will further render all-round aid and support to struggling Viet Nam," Brezhnev declared.

"We are firmly convinced," he said, "that cooperation in the interests of peace and international security is also possible with those Western governments and political figures who look soberly on the international situation and who are ready to follow in practice the principles of the peaceful coexistence of states with different social systems."

The United Nations, he continued, "can and must find the strength to become a useful instrument of peace."

Services Are Part Of High Food Price

WASHINGTON (AP) — A national supermarket spokesman says food prices can be reduced substantially only if stores cut out services he says the public demands.

But in Portland, Ore., a leader of a housewives organization planning to picket 170 stores says it would be fine to eliminate some of those services.

Elsewhere, there was scattered evidence that the burgeoning housewife revolt against high prices was inching ahead.

Clarence G. Adamy, president of the National Association of Food Chains, said Monday in

Washington he sees no chance that housewife boycotts will bring lower food prices.

Prices could only be cut substantially, he said, "by shortening hours, taking out bag boys, eliminating check cashing — you could go down a considerable amount, maybe 6, 7, 8 or 9 per cent."

Mrs. Verl Jensen, secretary of Portland Women for Lower Prices, said stores could cut prices 10 per cent by remaining open fewer hours, closing Sundays and cutting out games, stamps and special promotions.

Boy Shot To Death On Halloween Night

ATLANTA, Ga. (AP) — A 10-year-old boy, running home with a sack of Halloween "trick-or-treat" goodies, was shot to death and two teen-agers are being held, police said.

Robert James Tucker was killed Monday night while he and another 10-year-old, William Thomas, were going home.

The shooting climaxed what police said was one of the most destructive and violent Halloween nights on record for the city. Other incidents involved bricks, rocks and eggs being hurled at automobiles and homes.

'Cold War' Veterans To College

WASHINGTON (AP) — Nearly 250,000 of America's "cold war" veterans have streamed onto college campuses this fall to continue their education with the aid of the new GI Bill, officials reported today.

Settlement of the Viet Nam war and the subsequent return to civilian life of many of the 336,000 troops now committed to the conflict would send the total zooming upward, they said, perhaps causing severe overcrowding in some schools.

Under the measure — commonly known as the "Cold War GI Bill" — signed by President Johnson on March 3, honorably discharged veterans with more than 180 days active military service since Jan. 31, 1955 are eligible for educational, housing and other benefits.

The program, approved by Congress without a dissenting vote, amounts to an extension of World War II and Korean War GI benefits, but on a reduced scale.

The Veterans Administration said 211,000 October benefit checks had been mailed by last Friday to veterans enrolled in colleges, universities and other institutions — such as vocational or business schools. Files of 35,000 applicants were being processed Monday, a spokesman said.

Officials said they expect the

Refineries Heading For A Showdown

By NEIL GILBRIDE AP Labor Writer

WASHINGTON (AP) — The nation's heavily automated oil refining industry is heading into a showdown bargaining battle with union officials worried over big job losses.

"If the oil industry wants to sit down and talk about this logically, okay, but if they don't we're going to go all out," says President A. F. Grosipron of the AFL-CIO Oil, Chemical and Atomic Workers Union.

This means, Grosipron said, the distinct possibility of a major strike of some 80,000 oil workers affecting about 70 per cent of the nation's big refineries.

Contract talks now under way will come to a head before most labor agreements in the industry expire Dec. 31.

The big objective of the oil workers is for job guarantees in an industry where fewer and fewer men are doing the work.

Its chief demand is "that all present regular and permanent employees be guaranteed continued employment at present or higher (wage) rate status until retirement on adequate pension."

Grosipron, in a news conference, said the aim is to protect a dwindling force of workers now averaging about age 45, who have nowhere else to go if they lose their jobs.

He said some 30,000 jobs have been lost in the past five years and that the prospect is for continued losses of some 2,300 jobs a year.

The union also is asking what

THANKS

In 1939 I was elected Circuit Clerk of Pettis County and have served continuously since, but am not seeking re-election this year. I wish to take this means to thank the voters of Pettis County for their loyal support during this period. In return, I have tried to serve honorably and to the best of my ability.

In 1965, because of an increase of business and ill health, it was necessary to employ additional help in the office. At that time I employed Mr. William R. Lyles as Deputy Clerk and his services have been very satisfactory. When I decided not to seek re-election he filled as a candidate for the office. I would encourage all voters to give his candidacy serious consideration and support. I am sure that, if elected, his experience will be most helpful and that he will serve with distinction.

SEPTEMBER, 1966

DAVID LANG

The top carrier for the month of September in the East Area district is David Lang. David is the fourth son of Mr. and Mrs. Frank Lang of Tipton to manage a route and to be classified as a carrier of the month. David is 11 years old and is a 7th grader at St. Andrew's Catholic School. He plays in the Cadet Band at Tipton High School. He is a member of St. Andrew's Catholic Church and is an altar boy at the same church. David lists his hobbies as drawing and reading.

LEE KEEN

Coming out on top in the race for carrier of the month in the West Area for September is Lee Keen. Lee is the 12 year old son of Mr. and Mrs. Walter B. Keen, Jr. of 1016 Midland Drive, La Monte. He is a 7th grader at La Monte Elementary School, where he is a member of the Boy's chorus. Lee is a member of the Methodist Church and lists his hobbies as collecting arrowheads and old coins. Lee also enjoys camping very much. Lee has only been carrying his route since May of this year and has won the reputation of being a real hard worker.

DENNIS KREISLER

This month's winner of the East side of Sedalia is Dennis Kreisler, 2305 East 16th. Dennis is a Junior at Smith-Cotton. He has a wide range of hobbies. Among these he lists swimming, hunting, fishing, stamp collecting, slot car racing, skating, and model cars. Dennis is a member of St. Paul's Lutheran Church and a member of the Walther League. Dennis has been carrying his route for about two years now and has made many friends among his customers and has received many nice remarks about his excellent service.

GREGG VOSS

The winner of the carrier of the month on the west side of Sedalia is Gregg Voss. Gregg is the son of Mr. and Mrs. S. L. Voss of 2101 West 5th. Besides receiving the honors for this month Gregg recently received the award of top carrier of the year of the city boys. Gregg is an eighth grader at Sacred Heart Grade School and lists his activities as basketball, Patrol Boy and is reporter for the school paper. He is a member of Sacred Heart Catholic Church and is an altar boy at his church. Gregg's hobbies are making model cars, and racing was powered cars. He also finds time to be a member of Boy Scout Troop 58.

The Age of the Drive-in

It was only about 30 years ago that the first drive-in movie in the country was built. What was an oddity then has now become a way of life.

The old drive-in hotdog stand has evolved into the drive-in restaurant where a family can enjoy—well, eat—a full-course meal in their car. In some places you can go to church in your car, and almost everywhere today you can do your banking from your car.

Some motels now have drive-in registration and bicycle bellhops. As of yet you can't drive into your rooms, but at a new hotel in San Francisco guests can drive right to their floors inside the building.

Drive-in supermarkets are another

recent development, the American Automobile Association reports. Shoppers drive through wide lanes of merchandise while walking attendants remove items selected and place them in a large basket that is attached to the car.

In Ontario, there's even a drive-in barbershop. The barber works from the back seat and for a change directions are given from the front.

In Lovelady, Tex., appropriately enough, a justice of the peace will perform a marriage ceremony in your car.

Add drive-in maternity hospitals and drive-in mortuaries and the life cycle of Homo sapiens automobilus will be complete.

THE HARTFORD COURANT: Farm Bells—Do you remember when the notes sounded across the fields as women folk rang the bells to call the men to dinner? Up and down the road the sweet music sounded; in the right atmospheric conditions one could hear the faint notes of bells across the valley. Each farm bell had its distinctive sound, and you knew if a neighbor family was eating noon dinner early before a trip to town.

The bells sat on shed roofs or on cedar posts by kitchen doors. The big \$2.35 Crystal line metal farm bell weighed 100 pounds and sat in a four-pronged iron frame on the saddle board at the end of the woodshed. The bell was suspended from a curved yoke and at the outside end a rope was attached to an iron flange. The catalog said this bell "had an extra fine tone." It could be heard farther than a copper or tin bell.

Each family had its code for calling individual members. A boy hoeing corn in the farm field could tell which sister was ringing the bell. Sometimes there were emergencies and wild clanging brought men and boys in a rush.

Bells have been used since ancient times on land and sea. They have called men to meetings and to church; they have tolled in memory of those who have gone; they have sounded to celebrate national holidays. In country villages and urban centers

World Watching Tuesday's Elections

DREW PEARSON and JACK ANDERSON

WASHINGTON—Next week's off-year election will be watched more closely around the world than any other in recent years, by the following groups for the following reasons:

1. The North Vietnamese, to see how much political support Johnson will lose and whether as a result they will then win the war—they think—without coming to the peace table.

2. Our NATO allies, who have been worried about the Right Wing, which they fear is a type of American fascism growing in this country.

3. The new African nations, who are interested in seeing whether Negroes and Civil Rights take a beating on Nov. 8.

4. The Russians and the small European communist nations, to see whether the Right Wing defeats Johnson's attempt to ease cold war tensions.

In view of the powerful position the United States occupies in the world today, and the effect which its politics has on the rest of the world, some of the key races for Governor, the Senate and the House of Representatives.

Maryland, nearest the nation's capital, is conducting a very significant gubernatorial race, with George Mahoney, six times unsuccessful candidate, now picked as the Democratic nominee solely on the issue of "my house is my castle" and the white backlash. George Hocker, the beer lobbyist who pulls a lot of strings at Annapolis, has already teamed up with Mahoney and is one of his big money-raisers.

Mahoney's managers won't let him debate with the other candidates or answer reporters' questions. "The last statement he made without a script," said one aide, sighing, "Mahoney made more errors than Willie Davis in the second game of the World Series."

Many Democratic leaders wouldn't mind seeing Spiro "Ted" Agnew, the Republican candidate, win the Governorship, with their own candidates taking the other state offices. Agnew, as a Baltimore County executive, has racked up a reputation for integrity. He is a tough, able—though uncolorful—administrator, a World War II veteran who returned to uniform during the Korean war. In contrast to Mahoney, who has refused to discuss the issues, Agnew has prepared detailed programs for improving Maryland's tax structure, transportation system, and recreation areas.

However, in Maryland, a former KKK state, Mahoney is given the edge.

Looking Backward

TWENTY-FIVE YEARS AGO

The Rev. Herman M. Janssen, Saginaw, Mich., has accepted a call to the pastorate of the Broadway Presbyterian church in Sedalia. He succeeds the Rev. Ralph A. Waggoner who resigned some weeks ago to accept the position of executive secretary of the Presbyterian Synod of Missouri and retaining his residence in Sedalia. The new pastor and his family will occupy the manse at 209 West Broadway.

FORTY YEARS AGO

Fair weather aided the attendance at the Dresden Community Fair which surpassed by far all previous exhibits in the township. L. H. LaRue of Smithton judged the agriculture exhibits; George Bagby, the poultry; Miss Marie Waddill, the educational; and Miss Enloe the economics exhibits. A rooster race featured the fair's closing events. There was also a baby show.

Bells still ring to mark the passing hours. But it was the farm bells a man remembers—bells that sounded their notes across a peaceful countryside.

Most of Japan's annual production of 1.6 million two-wheeled motorcycles are for the home market.

New Hampshire in three quarters of a century.

Thyn has received a flood of contributions from supporters outside his state, including H. L. Hunt, the Right-wing Texas oil man who worshipped Joe McCarthy, \$1,500; his brother, Bunker Hunt, \$1,000; and Al Hill of Dallas, a Hunt associate.

Another mysterious \$3,900 has come in from the "committee for good government" in Pawtucket, R. I., with an additional \$1,009.09 from Francis R. Foley of Cumberland, R.I. When Foley was queried about this, he said the money came not from him but from the committee for good government, which he described as a "Committee of conservatives just interested in Gen. Thyn." Though treasurer of the organization, Foley said he had never met but one or two of its members.

All this money coming into staid New Hampshire to support an Air Force General has caused old-time Republicans such as Mrs. Styles Bridges, widow of the late Senator, to comment disapprovingly. Many Republicans, concerned over Gen. Thyn's formula for quick victory in Viet Nam, will vote for Sen. McIntyre.

Negro Candidates

In New Jersey, the Negro backlash is being used against Rep. Peter Rodino, Democrat, who as a leading member of the House Judiciary Committee, has consistently pushed civil rights.

Though a long-time, staunch defender of the Negro, Rodino now finds himself opposed by a Negro, Earl Harris, who has used racist tactics when he ran for Newark city council. Despite this, Republicans saw a chance to cut into Rodino's new district, which includes many Negroes, by nominating a Negro candidate. It will be interesting to see whether Negroes desert the white man who has long been their friend, for one of their own race.

Mine Workers' Revenge

In Virginia, the United Mine Workers have got into bed with the Conservative party in an effort to unseat Pat Jennings, Democrat, a moderate who supports the working man on all bread-and-butter issues, but who failed to go all-out for the UMW on mine inspection.

As a result, the UMW is backing his campaign foe, former GOP Rep. William Wampler, a right winger with a reported \$50,000 treasury. Wampler is running as the "Champion of the Little Farmer," though farmers chiefly remember him as the inept legislator who once sought drought aid for a "second-crop corn failure" in Virginia though there is no second crop of corn.

Wampler has been able to spend large amounts of money on TV, billboards and a young army of campaign workers, to which Jennings replies: "My best billboards are new highways, flood control projects, airports, and other signs of progress in this district."

Three Main Issues In Tuesday Voting

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—President Johnson returns Wednesday, puffing with delight from the reception he got on his Asian journey, but it is doubtful the 17-day trip will have much effect on next week's elections.

The story might be different if the north Vietnamese Communists had grabbed at the peace proposals put together at Manila by Johnson and the leaders of six Asian and Pacific nations. But they didn't.

As usual, they ridiculed the suggestions coming from this side. Johnson had a choice before he made this trip and some day may explain why he went to the Pacific and Asia in the midst of the 1966 election campaigns instead of staying home to help his Democrats.

He may have felt he could help them more by the Manila meeting, the big peace proposal, the grand tour and the image of a busy world leader such a trip creates.

The memory of the trip, and the day-by-day headlines would be vivid in voters' minds when he did return and, in the few remaining days before the elections, put on a whirlwind campaign, as he intends to do.

Perhaps this will help more than if he had stayed home all the while.

But, as mentioned in the beginning, this is doubtful and for a reason that appears fairly simple. This is not a very heat-

Avoid Draft By Drugs In St. Louis Area

ST. LOUIS, Mo. (AP)—Some young men in the St. Louis area have used drugs to increase their blood pressure before reporting for their Selective Service physical examinations, the clerk of 10 St. Louis local draft boards says.

Marguerite Ward, the clerk, did not name the drug.

ed election year to start with and probably no one, including Johnson, could set it steaming.

There are supposed to be three main issues: the war in Viet Nam, the white backlash and inflation. But how big are they?

The polls show majority backing for American involvement in Viet Nam. There may be some dissatisfaction that the United States isn't doing more, like bombing all over North Viet Nam, to win the war.

But this dissatisfaction is tempered by the realization that a big expansion of the war might bring Red China and eventually the Soviet Union into it and turn it into a world war.

There can hardly be a question about the white backlash, the reaction against Negro violence. But this is probably more true in some places than in others, thus making it something less than a nationwide issue.

As for inflation, with the country as prosperous as it is, the intensity of fear and resentment about rising living costs is no doubt diluted by the money people still have in their pockets.

If this view of the elections is true—that there is a lack of intensive national feeling about the war, inflation and the backlash—then there must be an explanation for that.

There is this one: that at the moment, with high employment and a lot of money floating around, the American people as a whole at this time in history are rather complacent and politically not disturbed or concerned much.

If this is true, and it seems so to this writer, then many and perhaps most of the election contests for governorships and seats in Congress boil down to local, personal contests.

When Johnson, upon his return, races into one state or district after another to help a candidate he, too, will be making his appeal more on personality than on issues.

There has been a lot of the usual hoop-la about the 1966 elections but from the standpoint of excitement, enthusiasm and ideas it looks about as flabby as any in recent memory.

How to Bid A 'Swing' Hand

a more likely reason is that they get on the wrong side of swing hands.

An extra 30 points may mean a top score in duplicate play. It takes 50 such scores to balance one 1500 point swing.

South's one heart overall was correct strategy in either duplicate or rubber bridge. It seldom pays to try a takeout double with a two suit hand. Once in awhile you find yourself playing at one but nearly all the time someone keeps the bidding alive for you.

At his next turn to bid, South felt sure that he could make a heart slam against a club lead. It looked as if his partner would hold the ace of diamonds as part of his jump to three hearts but the game was rubber bridge and South did not want to have his opponents to save in spades. He merely bid four hearts.

West gave one spade raise. He held no high cards but he did have mighty good support for spades. North passed. He had told his full story and possibly a trifle more when he bid three hearts. East doubled that but West took it out. North doubled that but South continued to the six hearts he had been heading for all along.

East should really have bid six spades and taken a sure moderate loss but East was looking at two ace-king-queen suits. He doubled again!

If West had led a spade South would have been down one but West had no way to know that South was void of clubs.

People Who Promote Games Trying Hard For 'Honesty'

By JOHN CUNIFF

AP Business News Analyst
NEW YORK (AP)—Next to the chance of winning, the question that most often concerns entrants in games, contests and sweepstakes is whether or not the promotion is honestly conducted.

The possibilities of fraud and deception do exist, but the people who produce the games that now flood the mails and greet shoppers at supermarkets and gasoline stations say they do everything possible to assure honesty.

"Our existence depends upon this," said one game producer who devised many of the consumer contests for manufacturers and retail outlets.

The Post Office Department has statutory authority to investigate complaints. But, said a spokesman, "there are few violations. The people who sponsor these contests are responsible."

Another concern of the Post Office is the possibility of lottery, which exists if a PAYMENT is given for a CHANCE to win a PRIZE. If payment is not required, a lottery doesn't exist.

This explains why some companies must state on their sweepstakes that purchase—payment—is not required to enter or win. If the company required that you buy the product to enter, then a lottery would exist. National lotteries are illegal under U.S. law.

Contest promoters attempt to assure honesty by restricting to only a few persons any knowledge of prepacked winning entries. The reasoning is that wherever the human factor exists so does the chance of error or deceit.

In a number of sweepstakes, for example, the company that devises the game knows the winning numerals. But the client, a toothpaste manufacturer for example, isn't supposed to know. Neither is the company that does the mailing.

Nevertheless, for proof of honesty promoters usually must ask that you accept their integrity, their reputation, their own self-interest in honesty. "We can't always show you proof," one said.

Another explains his method this way. The game is a numbers sweepstakes in which the winning numerals are prepacked and then mailed. The entry is to be returned to the sponsoring company or store.

"Assume," he said, "that one million numbers are to be

mailed. We receive one million preprinted coupons from the printer. We then superimpose the contest numerals in sequence by a numbering device.

"Then we toss the numbers into an electronic fishbowl. We don't really use a bowl. We use an electric computer which picks the winners by random choice. We now have matched the number to the prize.

"The winning numbers then go into a vault. We don't tell the sponsoring company. Nor do we tell the mailer. We pick the numbers, but since we don't do the mailing we're not able to choose who'll get these numbers.

"Up to this time, nobody outside our company knows the lucky numerals. We may, however, send a key or code to the sponsor to aid him in sorting returns. The code would help identify possible winners from nonwinners."

"Once in a while," he said, "a contest has only one winning number. There might be 1,000 copies of this number and 1,000 prizes. In this case the 1,000 winning numbers, all identical, are slipped at random among nonwinners."

"What prevents the inserter from pocketing a winner? The inserter is made by an executive. He's bonded for \$250,000. And he's paid enough so he isn't inclined to steal."

Letter To The Editor

L. L. STUDER, (721 West Third)—Regarding the article published in the Sedalia Democrat on October 30th in which the Pettis County State Representative is quoted, that he takes issue with certain factions who are referring to elder citizens as forgotten citizens and also stated that old age assistance has steadily increased over the years.

The records at the Pettis County State Office in Sedalia disclosed that the number of individuals now on the old age assistance program in Pettis County has reached the amazing total of 1,097 citizens.

The records at the State Office also disclose that the average amount of the old age checks from Jefferson City now is only \$69.65 per month and therefore unless they have some other source of income, and which a great many of them do not have, then they cannot possibly properly live on this amount and then they become our forgotten citizens.

Moreover, the records at the State Office also disclosed that the old age assistance program has only been increased \$20.00 per month since the year 1955, notwithstanding that the cost of living to them has increased to a large extent in the past eleven (11) years and this keeps many of them in the category of our forgotten citizens.

Therefore, it is clearly apparent that the time is long past due when something should be done in the next session of the State Legislature to correct this intolerable situation and that they should at least be granted some increase which many of them very richly and meritoriously deserve.

Time Right For Negro In Acting Field

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD (AP) — This is a good time to be a Negro actor, as Godfrey Cambridge can testify.

Once limited to roles as servants or as protagonists in occasional films on racial themes, Negro actors are now being cast in important movie and television roles in which their race is immaterial. You see them playing detectives, lawyers and ordinary citizens in television series. You will be seeing them more and more in costarring roles in features.

Comedian Cambridge is one of the major recipients of this new benefit. Experienced in the New York theater — "Purlie Victorious," films — "The Last Angry Man," and television — "Naked City," etc., he finds himself in demand for roles in which his race is not an element of the plot.

Last summer he costarred with Edward G. Robinson, Raquel Welch, Vittorio de Sica and Robert Wagner in MGM's "The Biggest Bundle of Them All," which was filmed in France and Italy. Cambridge played one of a gang of inept thieves who attempt a \$5 million platinum haul.

"It's a role that any actor could play, white or black," he remarked. "At first they wanted me cast as a jazz musician, but I was against it. I'm bored with that 'dig' and 'crazy, man' talk."

"I'm literate. I don't need a local option to speak English. I learned how to speak the language at a school in Canada, where you got punched in the nose if you didn't talk correctly." Born in New York City, he was sent to grammar school in Sydney, Nova Scotia, where his parents had first emigrated from British Guiana.

Cambridge finally played a concert violinist in "The Biggest Bundle of Them All." Recently he portrayed another fumbling gangster in "The Busy Body," with Marty Ingels as his partner.

"The fact that I'm able to play a gangster in a movie nowadays is a sign of our growing sophistication toward racial matters," he reasoned. "It's another step. The ultimate will come when I can go into a casting office and be accepted or rejected solely on the basis of whether I can handle the role."

Right now he's up for a role in "The Comedians," starring Richard Burton and Elizabeth Taylor, and for a television series in which he would play a rural postmaster. Bill Cosby of "I Spy" has proved that a Negro can successfully star in a series.

No More Trading Stamps In Montana

BUTTE, Mont. (AP) — Safeway Stores Inc. announced today they will discontinue giving trading stamps in Montana effective at the end of the year.

It came at a time when housewives in Montana and throughout the nation began organizations to boycott stores to force lower food prices. However, a company official said the boycott had no effect on the company's decision.

Safeway stores in Butte were among stores picketed by Butte housewives.

Officials of other food stores giving stamps said they have made no decision yet whether to keep or quit the stamps, which are given with purchases.

Army Engineers Plan To Cut Water Flow

NIAGARA FALLS, N.Y. (AP) — The U.S. Army Corps of Engineers plans an attempt Saturday to cut the water flow over the American Falls to inspect the rock debris at its base.

The corps has been studying the falls to determine what can be done to prevent further erosion.

A spokesman said only enough water will be diverted to permit soundings and aerial photographs.

Claim Reds Need Major War Victory

By WILLIAM L. RYAN
SAIGON (AP)—U.S. military men say the Communists in Viet Nam are desperately in need of a significant battle victory, and probably are building up in the north for an attempt to achieve one.

Military sources say Gen. William C. Westmoreland, the U.S. commander in Viet Nam, is concerned about the demilitarized zone between North and South Viet Nam, created by the 1954 Geneva conference which divided the nation.

Signs of a big Communist buildup have been detected in the general area along with indications that the North Vietnamese 324B Division, badly hurt by the U.S. Marines' Operation Hastings in August, is being reactivated.

U.S. attention also is turned to the south — to the Mekong Delta area, where up to now

there has been no major American deployment. An American drive into the delta is in prospect.

An upsurge in Viet Cong terror in many areas of South Viet Nam is interpreted as a reflection of Communist frustration.

Military men say the Viet Cong are showing an increased disinclination to stand and fight anywhere, preferring instead to use their old hit-and-run tactics.

Military men's assessments of the over-all situation are tinged with cautious optimism, although they admit that in present circumstances victory is a long way off.

Henning Makes Return

Mixed Tag Team Clash To Add Spice To Wrestling

Return of one of the area's oldest and most popular heavyweights — Lee Henning — and a midweight-heavyweight mixed tag team clash will lend spice to what is expected to be an action-filled ring card at Convention Hall tonight.

Starting time for the four-event wrestling show will be 8:15. Yielding to fan requests, Matchmaker Gust Karras has advised that a new referee will be assigned to the matches tonight.

Henning, the old warrior and veteran of three decades plus in the mat wars, will be faced with a tough assignment in his initial area start. The 250-pound New Yorker will go against Jack Donovan in a best of three-falls event.

Henning is back in the Midland to regain the lefty ranking he's always held in this section. A scrapper with a large volume of punishing holds, Henning makes up for any speed he may lack with power and eagerness.

Donovan fast is getting known as a brawler with a hard-hitting attack. Never one to pay much attention to rules, he tries to find the fastest, most effective route to victory through rough, free-swinging methods. Whether this type of attack will be effective against the cagey Henning is something that should provide an interesting match.

Tor Kamata, the stocky but clever Japanese heavyweight, will join with Sky Low Low for the team event. They'll oppose speed-minded Joe Hamilton and his midweight partner, Little Beaver.

The midweights, always crowd favorites, rival the heavyweights in speed and action, if not heft and power.

Separate events will send Low Low against Beaver in an all-out midweight tiff, while Hamilton will match his skills against Kamata in the opener.

S-C Grid Team Ousts Cardinals

Behind the excellent running of Smith-Cotton fullback Keith Cooper, the S-C freshman-sophomore football squad defeated the Clinton Junior Varsity Cardinals by a score of 26-6 Monday at Jennie Jaynes stadium.

The Tiger squad drew first blood when they took only 1:58 to strike paydirt following a 40-yard run by halfback Frank Doogs. Tiger halfback Steve Hunt got the six pointer on a plunge from the one-yard line. The extra point was short and the score was 6-0.

Late in the first quarter the visiting Cardinals recovered a Bengal fumble on a punt and moved in to score on fullback Otis Drury's 2-yard buck. Tiger Coach Chapman blocked the extra point attempt and the first period score was 6-6.

Late in the first half fullback Keith Cooper showed the crowd his wares when he moved through the center of the Clinton defense for 47 yards and the second local score. A repeat performance from the two made the first half score 13-6.

The Tiger machine really began rolling in the second half behind an interception and a fumble recovery by Ron Keys and two pass pickoffs by Steve Hunt. In the third period of play Keith Cooper again went all the way, this time 61 yards and his second TD of the evening. A play through the line netted a 20-0 lead to end the third quarter.

The final Bengal score came with only seconds left in the game when center Mike Herbst picked up a blocked punt and moved into the Cardinal nine and three plays David Rages moved across from the five to end the scoring at 26-6. The local squad kicked off and play ended when they brought down Redbird fullback Otis Drury to run out the clock.

Four Players Killed

CUERNAVACA, Mexico (AP) — Four young soccer players were killed and 25 others injured when a bus taking them home from a game failed to make a curve on the Cuernavaca-Mexico City highway.

KANSAS CITY (AP)—Safety Johnny Robinson is having his best year with six interceptions in eight games for the Kansas City Chiefs and Coach Hank Stram says "Johnny is the finest safety in the AFL — he's like a coach on the field."

Robinson was an All-AFL defensive choice last year, only three years after switching from offense. He was the "other half-back" with Heisman Trophy winner Billy Cannon on Louisiana State's 1958 national champions, and an offensive standout his first two years in pro ball.

"He is a great leader, a fantastic competitor and has that toughness which keeps him from getting hurt," Stram said.

Awarded the game ball after Kansas City's 48-23 romp over Houston Sunday, Robinson's answer was typical of him when asked if he believed he was having his best year. He said:

"No, I don't feel I'm having a great year until I look at the AFL statistics and see Kansas City listed No. 1."

The 6-foot-1, 207-pounder from Baton Rouge regards pass defense as strictly a team job, and points out no secondary is any stronger than its front four in the line.

Communication on the field, he says, is essential and experience in working together is more important than individual speed.

"The cornerback must know what you're doing," he said. "If I'm free and yell to him that I can help, that cuts down the area he has to cover. For instance, if I can help in the middle, he can play it closer on the outside."

When Robinson steals a pass, his running ability is obvious.

On his first interception against Houston, he ran 18 yards to his 40, saw he was cut off and while giving ground to a tackle flipped a lateral to Willie Mitchell, who reversed his field and went 60 to score.

As a rookie offensive back, he rushed for 458 yards and five touchdowns and averaged 4.7 a play, caught 41 passes for 611 more and four TDs. Now he's a member of the unofficial defensive backs unit.

While flanker Otis Taylor was describing how he beat Houston's Bernie Parrish, a seven-year NFL veteran, Robinson interrupted with a warning:

"Don't make the mistake of downgrading Parrish. On those plays he was beaten on, the quarterback had the ball right in there."

"If that ball is just right and the receiver is ready there isn't much a defensive back can do," Robinson is ever mindful that it's a game of inches and the hero of today can be the goat of tomorrow.

Kenny Hall Wins His First Trophy Dash

Kenny Hall, local speed-merchant, captured his first slot car trophy dash at Rev-Rac, 2513 East Broadway Saturday night. Nerves were a bit shattered after two re-starts of the dash in which Hall had made it into the first curve ahead of the pack. The third re-start again put Hall in the lead but he was crowded to the finish of the six-lap race by the other three heat winners.

Race winners were: First Heat — Gary Deuel; second heat — Kenneth Hall; consolation — first, Brian Gunn; second, Bobbie Riggs; third, Wally McCon; main event — first, Fred Smith; second, Homer Gunn; third, Joe Fisher; trophy dash: Kenneth Hall.

Winners for the Friday night junior races were:

Heat — first, Randy Kidwell; second, Bobby Pledge; third, Richard Goss; main event: first, Bobby Pledge; second, Danny Hickman; third, Richard Boss, trophy dash — Randy Kidwell.

The Junior Races are run each Friday from 6:30 to 7 p.m. and the age limit is 13 years. The

SEDALIAN GETS BIG SAILFISH—William C. "Bill" Hopkins, 1610 West 13th, is shown above with his 218 pound sailfish caught off the coast of Acapulco, Mexico, in the Pacific Ocean on Saturday, Oct. 22. The big fish is shown on the dock along with Donald R. Anderson, right, of Hannibal, one of the excursion group of business men. According to the report, Hopkins had an hour and a half struggle in landing the fish. He had a one-pound mullet as bait when the strike was made. Hopkins was fishing with a party of business colleagues. They were fishing about 35 miles out of Acapulco Bay.

New Action May Delay Removal Of Ralph Neely

DALLAS (AP) — Another action that may delay further any projected removal of tackle Ralph Neely from the Dallas Cowboys' roster has been filed by the National Football League team and a hearing set for Nov. 10 in the 68th District Court here.

Declaring that Dallas had not had its day in court in the contract case of Neely, held by the Supreme Court to be now the property of the Houston Oilers of the American Football League, Erich Klein, attorney for the Cowboys, filed a suit asking a declaratory judgment that a contract Neely signed with Dallas is valid.

The action came three weeks after the U.S. Supreme Court ruled, in effect, that Neely's contract with the Oilers was valid and that he must leave the Cowboys.

Neely signed contracts with both Houston and Dallas. He has been playing with Dallas since that time—two years ago—but it has been on a week-to-week basis for almost a month.

Hall of Fame Will Not Have Election

BALTIMORE (AP)—Because of a fire which wiped out its headquarters, the National Jockeys Hall of Fame will not hold an election this year, chairman Herman Cohen announced today.

A fire last June 16 destroyed the Members' Clubhouse at Pimlico Race Course, a frame structure which housed the Hall of Fame and its memorabilia including oil portraits of its 22 members.

Cohen said artist Henry Cooper, who painted portraits of the 2 jockeys enshrined since the Hall of Fame opened in 1955, has been commissioned to begin anew.

youngest driver, no doubt, was Jeff Carver who ran in each race but his car was not holding the corners too well. He later stated in his own way that some work would be done before next Friday night. Jeff is three years old.

For Scoring Punch

Kansas Coach Has Another Surprise Move In League

By JIM VAN VALKENBURG Associated Press Sports Writer

Kansas coach Jack Mitchell, the man who successfully converted John Hadl from a running halfback to a pass-run quarterback in 1960, has made another surprising move, this time designed to give the Jayhawks some scoring punch with unbeaten Nebraska on the horizon.

Hadl became a deadly passer and currently leads the American Football League, as the leader of the San Diego Chargers.

Mitchell doesn't imagine anything so spectacular from his latest move, that of quarterback Bob Douglass, a 6-foot-3, 202-pounder, to fullback. Douglass has never played fullback, but he runs more like one on the option play than any back Kansas has. The former No. 1 fullback, Dick Bacon, is an outstanding blocker. He's still in the picture there.

At the same time, Mitchell inserted pint-sized Bill Fenton at No. 1 quarterback ahead of Dave Bouda. Douglass started at quarterback against Kansas State, after talented Bob Skahan was lost for the season at Oklahoma State. The 5-foot-9, 155-pound Fenton took over for Skahan most of last year, passed for 500 yards and ran for 214, but broke a bone in his foot in the last game and sprained an arch this fall in practice.

"Douglass is a big, strong boy and likes to knock over people," Mitchell said. "We need some speed and depth at fullback. Fenton's foot looks like it has healed. He's experienced and he can throw and execute the option will. I'm concerned only about getting him back in condition."

In the other Big Eight camps, warnings from scouts were the order of the day. Oklahoma State assistant Bob Thompson, who scouted Texas Tech, said "Tech jelled last week and we'll have to come up with a great effort."

"I'm a lot more worried about K-State than people realize," said Oklahoma coach Jim Mackenzie. He said he was at fault for OU's poor execution at Colorado, because he had changed assignments a little each of the last four games. He'll make fewer changes this week.

Dan Devine, Missouri coach, warned that Colorado "physically has the same capability of controlling the ball against us as Nebraska did." Danmy Sharp was promoted to No. 1 quarterback.

Colorado reported no serious injuries and expects to regain starting tackle Bill Csikos for the Missouri game. Iowa State had the day off, with an open date coming up.

K-State coach Doug Weaver had high praise for defensive back Henry Howard, who he said "played the best game of his career."

"Time and again he made a game-saving tackle. He is playing in constant pain, with calcium on his hip and a painful knee."

Hector Cruz Sparks Sedalia Soccer Team

Hector Cruz sparked the Sedalia Junior amateur soccer open cut team 2-0 over the Rockhurst High School team, Kansas City, at Centennial Park Monday.

Cruz scored both goals. The first came on a pass to Monty Finley from 25 feet out in the first half. In the second half with about one minute left, Cruz executed a corner kick and Dennis Johnson headed it in.

Rockhurst made 18 shots at the goal and their goalie, Bill Kilburka, made three saves. The locals made 11 shots at the goal and Goalie Paul Cason made 11 saves.

The Sedalia team will travel to Kansas City Sunday to meet Shawnee Mission East High School at 2 p.m. at Swope Park. Rockhurst and Shawnee Mission have met twice. Rockhurst won 1-0 and lost 2-1.

Don't Call Me Willie

Colorado's Harris Is Back Of Week

By JIM VAN VALKENBURG Associated Press Sports Writer

The Big Eight Back of the Week is William "Don't Call Me Willie" Harris of Colorado, a slashing halfback who gained 127 yards against Oklahoma and set up all 17 of his team's last half points in a 24-21 victory.

Harris ran 20 yards to set up the touchdown that put the Buffs ahead 14-7, raced 17 yards to give them position for a field goal that cut Oklahoma's lead to 21-17, and went 6 yards to the 9 line just before the winning TD by Wilmer Cooks. His blocking was outstanding.

"William always knows where that goal line is," says Colorado coach Eddie Crowder, "and he tries to get there by the most direct route."

Harris is a lean, 6-foot 181-pound junior from Galveston, Tex., a quiet and studious business major and son of a lab technician.

"Please don't call me Willie—everybody in the world is called Willie but I never have been," he said. William never fools around with dippy-do running—he figures a straight line is the shortest distance to a TD.

At Central High in Galveston, he gained 1,100 yards rushing and led his team to the state title in its class, beating Dallas Madison and Cooks in the final game. He ran 100 yards in 9.8 seconds and 440 in 48.5.

He was a freshman defensive back at Colorado when an ankle sprain developed a painful calcification. He underwent surgery and missed almost all of spring football in 1965. But he got a construction job in Boulder that summer, took special exercises and was a 680-yard surprise last fall.

Next to Harris was Oklahoma's James Jackson, who gained 152 yards in 19 trips, including an 80-yard touchdown, and faked well. He was a replacement for injured Jim Shotts and Coach Jim Mackenzie worried before the game "he might run clear out of the stadium."

On the 80-yarder, Mackenzie noted, "he made a heckuva move to get open, then turned up field and just outran people."

The other nominees all were defensive backs. They were Henry Howard of Kansas State, 9 tackles including a TD-saving stop on Don Shanklin of Kansas at the K-State 6; Jon Soucek of Iowa State, 7 tackles and interception; Harry Cheatwood of Oklahoma State, 14 tackles and four passes broken up — one

saving a TD; Kaye Carstens of Nebraska, with excellent pass coverage and an interception setting up a game-breaking TD; and Bill Lynch of Kansas, 9 tackles, that last one a blind-side hit on the K-State quarterback, forcing a fumble that set up the game-tying field goal.

Missouri had no back nominee. Players are nominated by the coaches and voting is by a panel of newsmen.

The Big Eight Lineman of the Week was Kelly Petersen, Nebraska's quick 215-pound center, for his outstanding blocking against Missouri. He was a narrow choice over John Beard, Colorado offensive guard, and Danny Lankas, K-State linebacker. Other nominees were end John Zook of Kansas, offensive tackle Ed Hall of Oklahoma, linebacker John Douglass of Missouri, defensive guard George Dimitri of Iowa State, and defensive end Doug Cathy of OSU.

Rick Barry Off To Another Blazing Season

NEW YORK (AP) — Rick Barry of San Francisco, the National Basketball Association's Rookie of the Year last season, is off to a blazing start in this year's individual scoring derby. Barry poured in 57 points against Cincinnati last Saturday night and has averaged just under 40 per game in seven starts, according to official NBA figures released today. The Warriors' forward has a 274-198 edge in total points over runner-up Guy Rodgers of the new Chicago Bulls, who has played one more game.

Tom Hawkins of the Lakers tops the field goal shooters with a .588 percentage.

Ortiz Signs For Fight In 'Garden'

NEW YORK (AP) — Lightweight champion Carlos Ortiz has signed for his first bout in Madison Square Garden in five years — a Nov. 28 title defense against Flash Elorde of the Philippines.

Ortiz, 30, retained the lightweight title in a riotous defense against Sugar Ramos in Mexico City two weeks ago.

Elorde, 31, is junior lightweight champion.

New Orleans In NFL Fold Today

NEW ORLEANS (AP)—This historic city becomes the 16th member of the National Football League today.

A news conference was scheduled for 10 a.m. CST, today to announce the awarding of the franchise to New Orleans.

NFL Commissioner Pete Rozelle—who will be the czar of the super-league when the National and American leagues complete their merger in 1970—quietly arrived in town late Monday night for the announcement session.

New Orleans will field a team in the NFL next season.

The name most frequently mentioned for the team is the New Orleans — or Louisiana — Saints, from the city's Dixie-land heritage. Today, incidentally, is All Saints Day.

Notre Dame Again Tops Ten Teams

By BEN OLAN

Associated Press Sports Writer Nebraska's convincing 35-0 victory over Missouri enabled the unbeaten Cornhuskers to move into sixth place in the Associated Press major-college football poll today. Georgia Tech and Arkansas also gained ground while Notre Dame maintained a solid first-place margin over runner-up Michigan State.

Southern California, upset by Miami of Florida, tumbled four places to ninth, and Tennessee climbed into the Top Ten, replacing Wyoming.

Notre Dame, undefeated in six games, collected 39 first-place votes and 475 points in the latest balloting by a national panel of 49 sports writers and broadcasters. The Irish trampled Navy 31-7 last Saturday.

Michigan State held the No. 2 position with 437 points, including 60 for six first-place votes. The Spartans blanked Northwestern 22-0 for their seventh victory without a defeat.

UCLA and Alabama held third and fourth places, respectively. The Bruins with 366 points and the Tide with 347. Points were awarded on a basis of 10 for a first-place vote, 9 for second etc.

UCLA downed the Air Force 28-13 and Alabama defeated Mississippi State 27-14.

Georgia Tech climbed one place to fifth after trampling Duke 48-7. Nebraska, eighth a week ago, advanced two notches. The Cornhuskers, 7-0-0, walked Missouri in a regionally televised game.

Florida, 30-27 winner over Auburn, remained in the No. 7 position while Arkansas, which beat Texas A&M 34-0, moved up on place to eighth.

Southern California, fifth last week, was beaten by Miami 10-7 Friday night.

Twice-beaten Tennessee took over 10th place. The Vols trimmed Army 38-7 Saturday while Wyoming lost to Colorado State University 12-10.

The Top Ten, with first-place votes in parentheses, and total points:

1. Notre Dame (39) 475
2. Michigan State (6) 437
3. UCLA (3) 366
4. Alabama (1) 347
5. Georgia Tech 261
6. Nebraska 246
7. Florida 209
8. Arkansas 151
9. Southern California 66
10. Tennessee 48

Redskins Bidding For Best Season

WASHINGTON (AP) — The Washington Redskins are bidding for their best season in 10 years, but Coach Otto Graham doesn't care too much for history. He prefers to look into the future.

"We've got three good ones coming up," Graham told a news conference. "And I'm thinking only of Sunday's game with the Colts. That's enough to worry about."

The Colts routed Washington 35-0 in a pre-season game and have whipped the Redskins six straight times in regular games.

The Redskins have a 5-3 record but now face Baltimore, the Dallas Cowboys and the Cleveland Browns, in that order. Later in the season they have return matches with Dallas, the New York Giants and the Philadelphia Eagles, whom they defeated Sunday 27-13.

The 1956 Washington team won five of its first eight games and finished third behind the Giants and the Cardinals with a 6-6 record.

This year's Redskins have won five of their last six games, losing only to the lowly New York Giants during that span.

Graham refused to predict how the team might finish in the Eastern Conference of the National Football League.

"It's difficult to assess the club," he said. "We're not that good. We really have to fight for our lives out there."

"We haven't developed that killer instinct. It takes time to develop that pride... that esprit de corps."

Have Men Among Top League Ranks

NEW YORK (AP) — Detroit and New York have managed only three victories between them so far this season, but a look at the National Hockey League's scoring figures shows seven Red Wings and Rangers bunched among the top ten individual scorers.

Figures released by the NHL today show only Chicago's Stan Mikita and Bobby Hull and Montreal's Bobby Rousseau breaking the Detroit-New York dominance.

Mikita shares the lead with Detroit's Norm Ullman. Each has scored 11 points, Mikita on three goals and eight assists and Ullman on one goal and 10 assists.

Paul Henderson, Detroit's right-handed shooting left wing, scored six goals in two games last week and shot into third place with 8-1-9. Henderson also leads the league in goals.

New York's Phil Goyette is fourth with eight points—all on assists. Hull, with four goals and three assists is fifth.

Five players are tied with six points each. Donnie Marshall of the Rangers has 4-2-6 while teammate Rod Gilbert and Rousseau show 3-3-6. Andy Bathgate of the Red Wings has two goals, four assists and Detroit's Floyd Smith shows a 1-5-6 slate.

Words Can't Tell Value Of Player

NEW HAVEN, Conn. (AP) — "You can talk only in superlatives when you go over what Glenn does for our team," declared Yale Football Coach Carmen Cozza as he enumerated the talents of defensive tackle Glenn Greenberg.

Glenn, the son of baseball Hall of Fame member Hank Greenberg, teams with Yale captain Bob Greenlee to play a major role in the top rated defensive line in the Ivy League.

"Of all the players I've coached, they're the best at their position," Cozza says. "and Glenn will be back next year."

Greenberg, 6-foot-2 and 235 pounds, and Greenlee, 6-foot-4 and 240, were the first names mentioned by the coaches of every team Yale has faced this season when the coaches listed the problems the Bulldogs present.

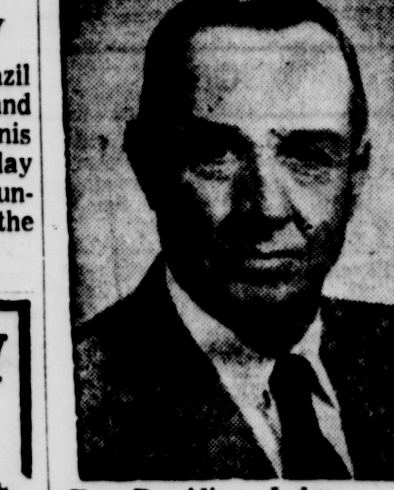

"Bob will be a top draft choice of the pro football teams this year, and Glenn will be just as highly rated next year. Both have the size, and more than enough brains and speed to be top professionals at either tackle or end," says Mac Yoho, a veteran pro lineman who now coaches the defensive line at Yale.

Cozza, who was an assistant to John Pont as Yale coach when Glenn enrolled as a freshman, says: "I'd seen him play in baseball against the Yale freshmen when Glenn was at Andover. He didn't impress me then as either a baseball or football prospect."

"What I didn't realize then was that Glenn was just starting to grow," Cozza recalled. "he's only 19 now because he skipped a grade in school somewhere, and he might go 250 pounds next year without losing a bit of his speed."

Concerning his baseball skill, a subject often encountered as the son of a man who hit 58 home runs in 1938, Glenn says: "When I was younger I was

Bonus Pair Sees Only Light Action

NEW YORK (AP) — Donny Anderson and Jim Grabowski still are only spear-carriers in the Green Bay Packer cast which Vince Lombardi admits "eventually will be a fine team."

The \$1-million bonus babies, who joined the Packers as rookies after the College All-Star Game last August, get into the ball games in the late stages when they are already won or lost. They do make their presence known when they get a shot.

Only in the Atlanta game, a 56-3 rout, did Coach Lombardi give the rookies much of a chance to shine. Donny, the flashy halfback from Texas Tech, carried five times for 15 yards against the Falcons and scored a touchdown on a five-yard run.

He also flashed some of that \$600,000 class by returning a punt 77 yards for another TD. To round out the day, Donny also kicked two punts averaging 44.5 yards.

Grabowski came out of that Atlanta game, Oct. 23, as the leading rusher with 53 yards on seven trips, including a 26-yard scamper.

It was after this game that regular fullback Jim Taylor revealed he still was unsigned and was playing out his option with the Packers.

The season totals for Anderson show total yardage of 388 with 52 on carries, 19 on two pass receptions, 78 on two punt runbacks and 239 on 10 kickoff returns.

When Paul Hornung was unable to play against the Lions Sunday due to a pinched nerve, Lombardi went to the veteran Elijah Pitts as his starting halfback, although Anderson even-

tually is due to get the job. Grabowski, the Illinois boy who is waiting behind Taylor, has carried the ball only 12 times all season and has gained 56 yards. His one pass reception gained five yards. Both have been used on some of the special teams.

Lombardi has been going along with much the same team that won for him last year. Why not? They have won seven out of eight games and lead the Western Conference of the National Football League.

Why The Boss Gets Gray Day After Day After Day

NEW YORK (AP) — Remarks that bosses get tired of hearing:

"Yeah, chief, we've all heard that one. You told it to us yesterday—and the day before yesterday."

"You can't talk that way to me. After all, I'm your wife, not your secretary."

"He can't talk that way to me. After all, I'm his secretary, not his wife."

"Chief, would you mind initialing this requisition for 40 more gallons of red ink? We sure seem to be using a lot more of it this year than last year."

"Thank you, sir, for my shiny new 40-year pin. Remember when you gave me my 25-year pin? That was the year I got my last merit raise."

"Some smart aleck has been drawing caricatures of you again on the factory washroom wall, chief. Shall I try and see if we can get his fingerprints?"

"A delegation from the union is waiting in the anteroom, sir. They say they want to wish you a happy birthday—but I think that's just an excuse to get in, so they can hit you with a whole new bunch of grievances."

"I wouldn't mind going to lunch with the old boy—after all, a free meal's a free meal—if he wouldn't always start reminiscing about how many years he had to work in the old days before he got up to \$125 a month."

"Sir, the new office boy is quitting. He says he can't live on a measly \$75 a week."

"Dear, there's a letter from

Tourist Trade In Missouri Increases

JEFFERSON CITY (AP) — Missouri's tourist travel and recreation record is still on the rise.

The Division of Commerce and Industrial Development reported today the increase ranged from 14 to 22 per cent in some areas this year.

E. B. Kinder, director of tourism and recreation for the commission, said many resort owners are planning off-season expansion and improvement of facilities for next year.

Junior by your breakfast toast. He says he made passing grade in the history of old Roman band instruments, but flunked in English, chemistry and American history, and lost \$285 playing gin rummy with the house mother at his fraternity."

"There were 37 anonymous suggestions placed in the office suggestion box this month, J.P., and all 37 suggested that you resign. I guess that shows morale is getting better—last month there were 42."

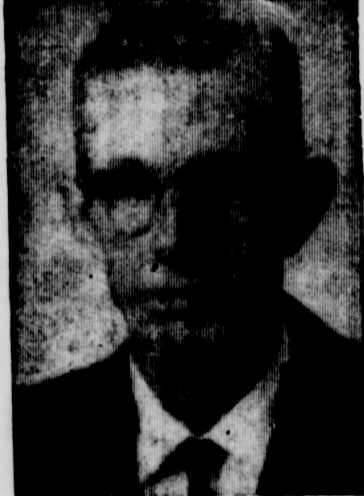

"About the only way I'll ever get promoted in this organization is to marry one of J.P.'s four homely daughters—but I asked my wife, and she won't let me."

"I don't know what you plan to do with your annual bonus, but I'm going to spend mine on a glass of milk. There's not much point in hoarding it."

"I wouldn't break in on him now unless it's really terribly important. This is the time when he likes to shut his office door and practice putting on the rug."

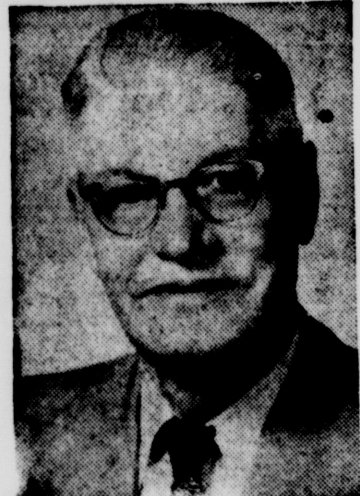

"I think your pep message to the staff went over pretty big, boss. It has been on the bulletin board for a week, and so far only one 'Blah' and two 'Nuts to you' have been scribbled on it."

Coordinated Planning Is Necessary

WASHINGTON (AP) — A spokesman for the nation's major airports said today commercial aviation has grown so fast and become so successful its planning urgently needs to be coordinated by the federal government.

William E. Downes Jr., commissioner of aviation for Chicago and newly elected president of the Airport Operators Council International, urged establishment by the executive branch of a national aviation planning commission.

Downes said in a talk prepared for a luncheon of the Aero Club of Washington that phenomenal growth of commercial aviation presents a major problem in accommodating air

passenger and cargo traffic. Downes said government and industry separately build aircraft and airports and develop air traffic control, but have failed to develop a coordinated air travel complex.

"We must stop concentrating

on the individual components of air transportation and start building a truly national aviation system."

He said the U.S. members of the Airport Operators Council International recommends es-

establishment of a Federal Aviation Planning Commission.

It would consist of top officials of government aviation agencies members of Congress responsible for aviation legislation and representatives of the airports, airlines and aircraft manufacturers.
